Linking Faith groups

Environment

Communication with Palestine

4pm-5pm **Plenary session**

With reports from the workshops followed by a discussion on plans for the future

The Palestinian people have been living under the most brutal form of military occupation. Governments around the world have done nothing to halt this injustice. Twinning with Palestine has built friendships between people in Britain and Palestine from which practical and political solidarity has been delivered.

More than 40 twinning campaigns are already active across the UK and new groups are forming all the time. This conference seeks to pull together activists from across Britain and Palestine to share experiences and discuss how to broaden twinning. Many groups here have invited delegates from their twinning partners to spend a week in their towns and cities to give people the opportunity to hear what life is like living under occupation and to build a stronger campaign. This conference will be your opportunity to see how twinning works.

We welcome the participation of all groups and individuals to help build a bigger and stronger movement for justice for Palestine
